

NEW ENGLAND FISHERY MANAGEMENT COUNCIL
Ecosystems Based Fishery Management Committee

I. STATUS

EBFM Public Outreach: At the December meeting, the Council approved conducting public information workshops about EBFM as a 2021 priority. Staff is working to add some additional industry members to the MSE Steering Committee, which will be used to seek guidance on the format of in-person workshops. Working with Green Fin Studio, staff has finalized the public outreach materials.

II. COUNCIL ACTION

No action required.
