LPS and Redesign Clarifying Questions

- Discussion at this time should be limited to clarifying questions directed towards the LPS team and the material they have just presented.
- Individuals should use the webinar’s “Raised Hand” function, or type their questions directly into the chat box.
- If your question is directed towards a specific presenter (John, Daemian, or Yong-Woo), please include their name at the beginning of your question.

Open LPS Discussion and Q/A

- At this time discussion is open for participants to ask questions or give their thoughts on the LPS survey, and the agency's use of the LPS data.
- Individuals wishing to speak should use the webinar's "Raised Hand" function, or leave a note in the chat box.
- Please keep your comments limited to 4 minutes to allow time for others to participate.

HMS Listening Session Ground Rules

- This is an open session for members of the public to express their thoughts and concerns about recreational fishing issues to HMS staff.
- All topics related to, or impacting HMS recreational fisheries are on the table.
- Individuals wishing to speak should use the webinar’s “Raised Hand” function, or leave a note in the chat box.
- Please keep your comments limited to 4 minutes to allow time for others to participate.
- This is a listening session, so while HMS staff will respond to direct questions, our intention is to hear from you, our constituents.
