Scallop Plan Development Team Conference Call

Date: Monday, May 22, 2017

Time: 1:30 p.m. – 4 p.m.

Agenda

- Provide research recommendations for the 2018/2019 Scallop Research Set-Aside (RSA) federal funding announcement
- Review progress on potential management measures that may be included in FW29, including: 1) Flatfish accountability measures; 2) Modifications to the management of the Northern Gulf of Maine area;
- Discuss the establishment of a control date that may limit the ability of LAGC permit holders to move between permit categories
- Other business may be discussed

Call In information:

Phone: +1 (669) 224-3412

Access Code: 318-064-941

Please note that this is not a toll-free number

****Please be sure to mute your phone upon joining the call so that there will not be interference with the team's discussion**.**

This meeting will broadcast online via GoToMeeting. The meeting will begin on Monday, May 22 at 1:30 pm EST. Click the following link to join: <https://global.gotomeeting.com/join/318064941>
Use VoIP with a microphone and speakers for audio - a headset is recommended.

The New England Fishery Management Council generally posts announcements of Plan Develop Team (PDT) meetings on the Council's website, occasionally with very little notice. An agenda may or may not be included. Team members may discuss topics, if listed, in any order or add other issues not contained in the meeting notice.

Members of the public may attend PDT meetings, or listen in if the meetings are broadcast, but should not expect to participate unless the PDT chair invites input. Public comments and questions will not be taken during PDT conference calls.

PDTs are responsible to the Council and work on technical analyses as directed by their oversight committee. Once complete, PDT work products are reviewed at oversight committee meetings to which the public is invited. It is at this point that comments are encouraged on a range of issues, including PDT reports and recommendations, proposed management options or other information that is relevant to the committee's business at that time. The committee, in turn, makes management recommendations to the full Council based on the full suite of information it has available to it.
