Ecosystem-Based Fishery Management Plan Development Team Conference Call

Date: Friday, June 8, 2018

Time: 10:30 a.m.

Agenda:

The Ecosystem Based Fishery Management Plan Development Team (PDT) will review and provide feedback on an initial draft ecosystem risk assessment for the Georges Bank Ecosystem Production Unit, a prototype of what could become a useful tool for EBFM development and other uses. The PDT will also discuss the further development of an example or prototype Fishery Ecosystem Plan. Other related matters may be discussed as needed.

Call In information:

Dial +1 (786) 535-3211

Access Code: 816-125-317

Please note that this is not a toll-free number

****Please be sure to mute your phone upon joining the call so that there will be not interference with the team's discussion**.**

Online access:

This meeting will broadcast online via GoToMeeting. Members of the public who call in will have listen-only access. The meeting will begin on Friday June 8, 2017 at 10:30 a.m. EDT. Click the following link to join <https://global.gotomeeting.com/join/816125317>.

The New England Fishery Management Council generally posts announcements of Plan Development Team (PDT) meetings on the Council's website, occasionally with very little notice. An agenda may or may not be included. Team members may discuss topics, if listed, in any order or add other issues not contained in the meeting notice.

Members of the public may attend PDT meetings, or listen in if the meetings are broadcast, but should not expect to participate unless the PDT chair invites input. Public comments and questions will not be taken during PDT conference calls.

PDTs are responsible to the Council and work on technical analyses as directed by their oversight committee. Once complete, PDT work products are reviewed at oversight committee meetings to which the public is invited. It is at this point that comments are encouraged on a range of issues, including PDT reports and recommendations, proposed management options or other information that is relevant to the committee's business at that time. The committee, in turn, makes management recommendations to the full Council based on the full suite of information it has available to it.
