Amendment 18

Recent activity. The Council selected the range of alternatives for this action at its November 2014 meeting. Since that Council meeting, the PDT met on February 19 and March 10, 2015 to further develop analyses for the Committee to consider in the DEIS (Documents 5, 6 and 9).

Next steps. On March 25, after a Council staff overview of the DEIS and recent PDT discussion (Documents 4-9), and opportunities for questions and feedback, the GAP may make recommendations to the Committee on preferred alternatives. To make the most of our meeting time on **March 25th**, you are encouraged to prepare motions in advance and either bring them to the meeting or send them to Rachel Feeney (rfeeney@nefmc.org).

The Groundfish Committee is meeting on March 26 to review the DEIS, consider any GAP discussion and motions, and potentially make recommendations to the Council on preferred alternatives. The Council is scheduled to select preferred alternatives and approve the DEIS for this action at its April 2015 meeting.
