Herring Plan Development Team (PDT) Webinar

Date: Tuesday, March 28, 2023

Time: 1:00 p.m. – 3:00 p.m.

Agenda:

The Herring Plan Development Team (PDT) will meet to discuss :

- **River Herring and Shad** – an analysis of factors contributing to the low 2020-2022 river herring and shad catch estimates in the Atlantic herring fishery, and a presentation by Massachusetts Division of Marine Fisheries staff summarizing collaborative research on: *Spatial and temporal genetic stock composition of river herring bycatch in southern New England Atlantic herring and mackerel fisheries*, and
- Other business, as necessary.

Online access: This meeting will be broadcast online via GoToMeeting. Click the following link to join: <https://attendee.gotowebinar.com/register/6492038248856271708>. After joining the meeting, you can choose to use your computer audio or your phone to hear and speak.

Call in information:

Dial 1 (631) 992-3221 / Access Code: 118-161-142. *Please note that this is not a toll-free number. Phone-only attendees are NOT muted by default when joining. Please be sure to mute your phone upon joining the call so that there will be no interference with the discussion.

The New England Fishery Management Council generally posts announcements of Plan Development Team (PDT) meetings on the Council's website, occasionally with very little notice. An agenda may or may not be included. Team members may discuss topics, if listed, in any order or add other issues not contained in the meeting notice.

Members of the public may attend PDT meetings or listen in if the meetings are broadcast but should not expect to participate unless the PDT chair invites input. Public comments and question will not be taken during PDT conference calls

PDTs are responsible to the Council and work on technical analyses as directed by their oversight committees. Once complete, PDT work products are reviewed at oversight committee meetings to which the public is invited. It is at this point that comments are encouraged on a range of issues, including PDT reports and recommendations, proposed management options or other information that is relevant to the committee's business at that time. The committee, in turn, makes management recommendations to the full Council based on the full suite of information it has available to it.
