**NOTICE OF PUBLIC MEETINGS**

**Atlantic Cod Management Transition Workshops**

The New England Fishery Management Council (Council) is holding three regional workshops to identify challenges and develop alternatives for addressing Atlantic cod management considering the new biological stock units. The Council is conducting these workshops to collect important feedback from fishing industry members and other stakeholders. The workshops are a platform for discussions and gathering different perspectives. A summary report of the workshops will be provided to the Council to help inform the development of its Atlantic Cod Management Transition Plan. For more details, see the Council’s webpage: [https://www.nefmc.org/library/atlantic-cod-management-transition-plan](https://www.nefmc.org/library/atlantic-cod-management-transition-plan)
