Alternative Gear-Marking Framework PDT/FMAT Webinar

Date: September 11, 2025

Time: 10:00 a.m. – 12:00 p.m.

Agenda:

The NOAA Greater Atlantic Regional Fisheries Office (GARFO) has convened a Plan Development Team/Fishery Management Action Team (PDT/FMAT) to develop a joint New England Fishery Management Council and Mid-Atlantic Fishery Management Council alternative gear-marking framework action. The joint PDT/FMAT will meet to:

- Continue developing the action; and
- Discuss other business, as necessary

Note: This is expected to be the last PDT/FMAT meeting before the Councils are anticipated to take final action in September (NEFMC) and October (MAFMC).

Webinar Access: <https://meet.google.com/qha-tfct-cpx>

The New England Fishery Management Council generally posts announcements of Plan Development Team (PDT) meetings on the Council's website, occasionally with very little notice. An agenda may or may not be included. Team members may discuss topics, if listed, in any order or add other issues not contained in the meeting notice.

Members of the public may attend PDT meetings or listen in if the meetings are broadcast but should not expect to participate unless the PDT chair invites input.
