Small-Mesh Multispecies Plan Development Team (PDT) Webinar

Date: Tuesday, October 14, 2025

Time: 9:00 a.m. – 1:30 p.m.

Agenda:

The Small-Mesh Multispecies Plan Development Team (PDT) will meet to:

- Develop a draft Fisheries Performance and Prototype Risk Policy Factor Summary Report
- Discuss other business as necessary

Online access: This meeting will be broadcast online via Zoom. Preregistration is required.

Register here: <https://nefmc-org.zoom.us/meeting/register/Pe4kMp5PR8y08PHA15Y77w>. Use VoIP with a microphone and speakers for audio. A headset is recommended.

Call in information: After registering for the meeting you will be e-mailed webinar information, including a call-in number. Please note that this is not a toll-free number.

The New England Fishery Management Council generally posts announcements of Plan Development Team (PDT) meetings on the Council's website, occasionally with very little notice. An agenda may or may not be included. Team members may discuss topics, if listed, in any order or add other issues not contained in the meeting notice.

Members of the public may attend PDT meetings but should not expect to participate unless the PDT chair invites input. Public comments and questions will only be taken at the discretion of the PDT chair.

PDTs are responsible to the Council and work on technical analyses as directed by their oversight committees. Once complete, PDT work products are reviewed at oversight committee meetings to which the public is invited. It is at this point that comments are encouraged on a range of issues, including PDT reports and recommendations, proposed management options or other information that is relevant to the committee's business at that time. The committee, in turn, makes management recommendations to the full Council based on the full suite of information it has available to it.
