

EBFM: Public Outreach Workshop Planning

Andrew Applegate (EBFM PDT Chair)

**EBFM Committee meeting
July 21, 2020**

Workshop framework

Introduction and outreach materials prepared by GreenFin Studio

Short presentations on topics for each module

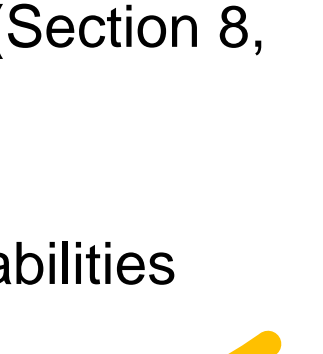

Leave plenty of time for small group dialogue and understanding

eFEP
Workshop
modules

- Introduction to EBFM (Module 1)
 - What does EBFM mean to me?
 - Stakeholder perceptions and expectations
 - Stakeholder profiles (outreach material)
 - Concepts and application (Sections 3 and 5)
 - Terminology (Section 11, outreach material)
 - The Georges Bank Ecosystem Production Unit (Section 10, outreach material)
 - Operational framework (Section 7)
 - Ecosystem Reference Points
 - Goals and objectives (Section 4)

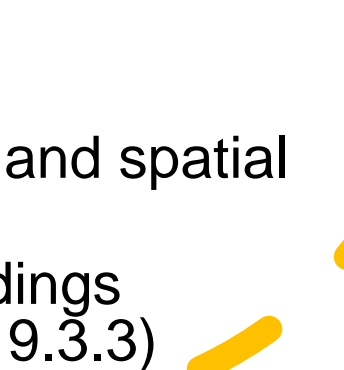

eFEP
Workshop
modules

- **Worked example (Module 2)**
 - What is a stock complex? (Section 6.4)
 - Tools and lessons (Tangible Worked Example)
 - Biological interactions (predation and competition)
 - Technical interactions (Fish commonly caught together)
 - Tangible Worked Example tools (outreach materials)
 - Harvest control rules (Section 9.1)
 - Forage fish
 - Apex predators
 - Overfished stocks
 - Management Strategy Evaluation (Section 8, MSE user guide)
 - Stakeholder input
 - Role of scientists
 - Types of models and their capabilities
 - Results and interpretation
- 

eFEP
Workshop
modules

- Management structure (Module 3)
 - Scope (Section 6, outreach materials)
 - Spatial extent, stocks, and fisheries
 - Jurisdiction (Section 9.4)
 - Cooperative management
 - Resource sharing agreements
 - Limited access and permitting (Section 9.5)
 - Role of Groundfish Sectors
 - Incentive based measures (Section 9.2)
 - Special priority management
 - Forage species (Section 9.3.1)
 - Fishery impacts on ecosystem and spatial management (Section 9.6)
 - Area and gear restrictions, landings prohibitions (Section 9.3.2 and 9.3.3)
- 

A large orange circle on the left side of the slide, partially cut off by the edge.

eFEP
Workshop
modules

- Scientific support (Section 9.8) – Module 4
 - Modernize data collection systems (Section 9.8.1)
 - Catch monitoring (Section 9.8.2)
 - Ecosystem data collection (Section 9.8.3)
 - Ecosystem research needs (Section 9.6.2 and 9.8.4)
- 
- A yellow dashed line in the bottom right corner, consisting of several short, curved segments.

Workshop framework

| Type | Large format (20+ participants) | Small format (< 20 participants) |
|-----------|---------------------------------|----------------------------------|
| In-person | Module 1 | Modules 2, 3, and 4 |
| Webinar | Module 1 | Module 2 and 4 |
