Council Motion

September 21, 2016

That the Council direct staff to prepare, for review at the November Council meeting, a draft scoping Federal Register notice for an amendment to the Groundfish FMP to adjust the groundfish monitoring program to improve reliability and accountability.

The motion ***carried*** unanimously on a show of hands (17/0/0).

Goal for the meeting today:

Through discussion, provide feedback on the content for a draft NOI. The NOI for A18 was provided as an example.
