**Recreational Measures for Fishing Year 2026**

**Motion 1 (Pierdinock/Odell):**

The Groundfish Committee recommends to the Council the following for recreational measures for fishing year 2026 for WGOM cod (status quo from what was proposed for FY2025):

Western Gulf of Maine Cod:

- Open season: May 1-31; September 1 - October 31
- Minimum size: 23 inches
- Possession limit: 1 fish per day

And requests a sensitivity analysis of the for-hire fleet on cod mortality with more than a one fish bag limit (for all open seasons) to assess if feasible at the Council meeting next week.

**Motion 2 (Ware/Whelan):**

Move to split Motion 1 to take up the three bullet points for WGOM cod recreational measures first.

Western Gulf of Maine Cod:

- Open season: May 1-31; September 1 - October 31

- Minimum size: 23 inches
- Possession limit: 1 fish per day

Motion *passed* unanimously.

**Motion 3** (Ware/Whelan):

The Groundfish Committee recommends to the Council the following for recreational measures for fishing year 2026 for WGOM cod (status quo from what was proposed for FY2025):

Western Gulf of Maine Cod:

- Open season: May 1-31; September 1 - October 31
- Minimum size: 23 inches
- Possession limit: 1 fish per day

Motion *passed* unanimously with one abstention (GARFO)

**Motion 4** as friendly amended (Alexander/Pierdinock):

The Groundfish Committee requests a sensitivity analysis of the for-hire fleet on cod mortality with a two or three fish bag limit (for all open seasons) to assess if feasible at the Council meeting next week.
