

DRAFT: Mid-Atlantic Fishery Management Council Motions on IFM Amendment

All motions passed:

1. King on behalf of Committee: I move to extend slippage reporting requirements (affidavit, VMS) and slippage restrictions (unless safety, mechanical failure, or dogfish) to trips selected for at-sea monitoring or portside sampling coverage.
2. King on behalf of Committee: I move that ASMs collect retained catch data in addition to discards.
3. King on behalf of Committee: I move that the coverage targets be combined.
4. Bullard/DiLernia: I move that an additive approach be used for portside/EM in the IFM Amendment.
