ET Rotational Closure	Closed	Closed	Closed	Open, Seasonal Closure and limit on # of VMS declarations/fishing trips per vessel	Open, Seasonal Closure and limit on # of VMS declarations/fishing trips per vessel
Comments		AP recommends changing the NLS portion of this from 2 trips in 2 different areas to 1 trip in 1 larger area with a full trip limit.	This would be the new "basic run", same as the Sept. CTE motion with a change to the NLS configuraiton.		

Decisions for Committee:

- 1) Task PDT with range of alternatives to run. Add and/or remove?
- 2) Clarify the AA lbs per trip in each alt run
- 3) Thoughts on FT DAS runs?
